A Cumulative Overview of the Ocean Cleanup Activities from 2015-2019 in the US

CLEANUP BY THE US STATES

+ US States with a campaign conducted for Ocean Cleanup irrespective of having a coastline are highlighted.

+ The coloured smaller circles define each campaign conducted in the state.

+ US State wise clean up initiative is split into two segments based on the coastline of a particular state.

+ California tops the list with the maximum waste collected being the US State with second highest coastline. Florida is leading in the number of campaigns conducted to remove the garbage collected.

+ On contrary, Pennsylvania, Arizona and North Carolina have been contributing a lot with their cleanup events even though these states do not have a coastline.
